We believe that quality training combined with proper coaching from leading experts is essential for building successful careers in the tech industry.

About BIT

Founded in 2014, Buea Institute of Technology (BIT) is a technology-focused professional training institute based in Buea, Cameroon. Our mission at BIT is to provide students with quality training that meets today's market demands. We offer diploma programmes, certificate programmes and short courses in general computing, software development, graphics design, computer hardware, media and communications.

Short Courses

Our short courses are on-demand courses including particular software programmes or packages designed to cater for particular student needs

Higher National Diploma Programmes

Our Higher National Diplomas are vocational and career-focused qualifications. HNDs are equivalent to the first two years of a bachelor's degree in Cameroon and the UK.

Students undertaking any of these programmes complete 2 years of coursework, a 2-month internship placement and then sit in for the Higher National Diploma exams.
